

## AUSTRALIAN OPEN WOMEN TRACK WALK CHAMPIONSHIPS

### Australian Women 880 Yards Track Championship

1929 Lorna Carrington 3:53

This 1929 result is shown in Bert Gardiner's results. But Paul Jeness advises that he can find no records of such a championship. The first women's championships were held in 1930 but no women's walk was held. Similarly, there were National Championships in 1932 but again no women's walks were held. So the first ones according to Paul were in 1933 when Mabel Moad won.
